Anm.: Generelt bemærkes, at de statistiske oplysninger er behæftet med usikkerhed, da udlændingesystemerne er opbygget som journaliserings- og sagsstyringssystemer og ikke som egentlige statistiksystemer. Endvidere bemærkes, at der er tale om antal tilladelser og ikke personer. Det betyder, at den samme person kan indgå flere gange over tid i forbindelse med en ny ansøgning.
